

After stationed at Akar ...

Akar or Sound of A, is the primary syllable of Language. It's the seed sound of Devi Gayatri who's the Solar amongst Suns, Savitri Precept and mom of Vedas

The state which is depicted in above portray is a really-very brightly lighted golden colored one and is sort of a million suns shining at the similar time and due to this cause the aspirants travelling acutely aware automobile (i.e. the car which self realizes the painted state) additionally gets quickly blinded as soon as it enters the sphere of the Golden mother as depicted in above painting ... These golden and other colours which emanate out of her physique hit the refined automobile (of the aspirant who realizes this state) and overpower it fully [Gayatri Mantra](#)

Most of the techniques which led to a state of unity to the supreme mother have been highly esoteric and extremely hidden ones and because these programs had been such, so they have been additionally restricted to a number of the monasteries of historic times and were distributed in great secrecy while completely resting within the purviews and limitations of the Guru-Shishya Parampara (i.e. grasp-disciple relationship)
